My Journey to Brownies

I only usually use my scooter when I go to the skate park with my sister at the weekend, but last Tuesday I scooted to Brownies. We normally go by car but wanted to try it. We had to think about what time to leave, which way to go and what to wear.

Top Tips for Scooting to Brownies

Get your Brownies uniform on straight after school so you are ready and can leave a bit earlier.

Check your scooter (I always do this before I go to the skate park). Make sure the brakes are working and nothing feels loose.

Wear clothes to keep warm or stay cool. It was a bit chilly when I went, so I wore a coat and some gloves.

You might be able to go a different route from the one you use in the car. There might be some paths that are just for walking and cycling. It might even be quicker because you don't have to find somewhere to park!

We took some photos of fun things we saw.
